

Department
of Health &
Social Care

COULD YOU BE A MENTOR FOR THE NEXT HEALTH AND SOCIAL CARE GENERATION?

IT'S ALL
COMING
TOGETHER.

The Prince's Trust aims to support 10,000 young people (aged 16 to 30) into employment within the Health & Social Care sector, and we are now looking to appoint volunteer mentors across the Cambridgeshire and Peterborough ICS to help us achieve this.

The Prince's Trust Provides:

- Commitment to young people to fulfill their careers and ambitions
- Full training and induction support to all new mentors
- On-going support to mentors throughout their time with us
- Support to develop mentoring and coaching skills
- Potential ILM accredited training

Mentor Provides:

- Regular commitment for a minimum of 6 months
- Share experience of the health & social care sector to inspire a new generation of young people
- Provide non-judgemental support and develop an inspiring mentoring relationship
- Have a positive impact on the young people you mentor and the future of the sector

The Results

- Building a more diverse and inclusive workforce within the sector
- An increase in young people's social mobility, affecting long-term social, economic and health outcomes
- Improved employment retention in the sector achieved by providing young people with this vital support
